Online Training programs – information about soon-to-be released online training programs and policy management services is now available. Training programs will include child abuse prevention, staff safety, OSHA topics, aquatic safety and risk management. Please visit our [What's New](#) page for more on this exciting new service.

Child Abuse Prevention Month is April - [The US Department of Health and Human Services](#) has created a resource guide with a goal of strengthening families. The guide contains resources to promote community awareness of five important protective factors that can help families protect children from the risk of child abuse and neglect, including tip sheets for parents in English and Spanish. Read more about abuse prevention in our quarterly [Safety Reminder](#).

Selecting an Insurance Broker/Agent - Many smaller nonprofits depend on their local insurance agent to assist them with selecting insurance coverage and carriers. Selecting the appropriate coverage and finding the best methods to finance an organization's risks can be complicated. Organizations should select an agent that has the knowledge and experience necessary to properly assist them with their insurance needs. Your organization should review who you've selected as your representative before considering insurance proposals. See more ideas for helping your organization select an insurance agent in our [Online Resource Library](#).

Proper Handling of Flammable And Combustible Liquids - Fires and explosions are two common hazards associated with flammable and combustible liquids. Either of these incidents can cause significant damage or injury. Organizations can prevent incidents by helping staff learn [proper handling procedures](#) for these types of substances.

Fact Sheet on Crisis Management – The [Nonprofit Risk Management Center](#) can help your organization be better prepared for a time of crisis with its [Communicating During a Crisis](#) tip sheets.

Codes of conduct for [Youth Protection](#) and [Lifeguards](#) are now available in our [Online Resource Library](#).

Organizations can get a head start on summer preparations with information about lightning season, responding to weather emergencies and a national low-cost lightning detection service through [Struck by Lightning](#). More information on emergency preparations is available in our [Online Resource Library](#).

Safe-Wise on the Road – Join us at the NJ Aquatic Network Meeting on April 3rd where Safe-Wise will provide a presentation on implementing an effective and practical drill program. Safe-Wise will be on hand at the National AYP Conference in Orlando, FL during the week of May 5th, stop by our booth to learn more about how we can help you effectively manage risk.
